

EAFPS Observerships

Europe and Turkey

Mr Adrian M Agius MD, PhD, FRCS (Ed), M Med Sc (Bham)

St Anne's Clinic
Triq Kanonku Karmenu Pirotta
B'Kara BKR 1111
Malta
email: aagius@stannesclinic.com
website: www.rhinoplastymalta.com

AFFILIATION:

1. Member EAFPS
2. UEMS representative for Malta
3. President, Malta Association of Otolaryngologists and Head and Neck Surgeons

OPERATIVE EXPOSURE:

- Septorhinoplasty

Fazil Apaydin, MD

Professor of Otorhinolaryngology
Ege University
Bornova-Izmir 35100
Turkey
email: fazil.apaydin@gmail.com
website: www.fazilapaydin.com

AFFILIATION:

1. Ege University Hospital, Izmir, Turkey
2. Solo practitioner, Izmir, Turkey
3. Private Gazi Hospital, Izmir, Turkey

OPERATIVE EXPOSURE:

- Aesthetic rhinoplasty and nasal reconstruction
- Otoplasty
- Skin cancer and skin cancer reconstruction
- Facial nerve paralysis rehabilitation
- Aesthetic rejuvenation procedures (noninvasive and invasive)

ADDITIONAL INFORMATION:

As a full-time professor working at a big University Hospital, Dr. Apaydin spends 5 weekdays starting from 08:30 to 16:00 there. He goes to his private office afterwards for seeing private patients and to the private hospital to operate private patients. He works privately on Saturdays as well. The applicant will be able to see a lot of rhinoplasty procedures and some facial reconstruction procedures at the university clinic. The aesthetic rhinoplasty and rejuvenation procedures are usually done in the private setting where invasive procedures such as blepharoplasty, facelift are not in high numbers.

Dr Lionel Azan

Office: 340 rue de Vaugirard, 75015 Paris / France
Surgery: Clinique Blomet, 136 bis rue Blomet 75015 Paris / France
+33 672 69 14 39
email: lionelazan@mac.com
website:
www.institut-rhinoplastie.fr
www.rhinoseptoplastie.fr

AFFILIATION:

Clinique Blomet: 136 bis rue Blomet 75015 Paris / France

OPERATIVE EXPOSURE:

Only rhinoplasty and rhinoseptoplasty, about 180 to 200/year
Surgery day: Wednesdays and Thursdays (2 or 3 rhinoseptoplasties each day)

ADDITIONAL INFORMATION:

The Clinique Blomet is a facial surgery center with a lot of surgeons (maxillo, plastic and ENT)
It will be possible to present the student to other surgeons

Mehran Baghi, MD PhD

ENT + facial plastic surgeon
Leipziger Str. 1C
63179 Obertshausen
Germany
email: mbaghi@gmail.com
website: www.hno-drbaghi.com

AFFILIATION:

1. Johann-Wolfgang-Goethe University Clinic, Frankfurt, Germany
2. Ketteler Krankenhaus, Offenbach, Germany

OPERATIVE EXPOSURE:

- Facial esthetic surgery (rhinoplasty, otoplasty, injectables, fat transfer)

ADDITIONAL INFORMATION:

The applicant frequently performs facial esthetic procedures [rhinoplasty + fat transfer (facial)] in a large hospital in Offenbach. Further he performs full face treatments with injectables in his private practice.

Dr Natarajan Balaji, MBBS, FRCS, DLORCS, FRCS (OTO-HNS), MBA, EBFPRS

University Hospital of Monklands
Monkscourt Ave
Airdrie ML6 0JS, Glasgow
Scotland, UK,
email: nbalajient@yahoo.com

AFFILIATION:

4. NHS Lanarkshire: University Hospital Monklands, University Hospital Hairmyers

5. University of Glasgow

OPERATIVE EXPOSURE:

- Facial plastic reconstructive surgery
 - Open and closed approach structural and cosmetic septorhinoplasty techniques
 - Open approach extensive tip-plasty techniques
 - Complex nasal reconstruction
 - Otoplasty techniques
 - Reconstruction of traumatic nasal defects.
 - Reconstruction of traumatic defects of pinna
 - Management of benign and malignant facial skin lesions – Resection and reconstruction with local and advanced flaps
- Advanced rhinology
 - Endoscopic and Open techniques in management of benign and malignant sinonasal disease
- Management of benign and malignant cancer conditions of the head and neck

ADDITIONAL INFORMATION:

The applicant will be predominately based at the University Hospital Monklands where most of the operating sessions take place. This is a busy facial plastic practice (tertiary referral center) with approximately 90-100 cases of open, and 20-30 internal Septorhinoplasties performed annually. Majority of the nasal deformities encountered are of a traumatic aetiology resulting in a complex cohort of patients requiring a variety of techniques in order to achieve a satisfactory functional and aesthetic outcome. A busy outpatient service provides extensive exposure to a wide variety of rhinological and facial plastic pathologies. There is also an opportunity to see major facial resections and reconstructions. The unit also does endoscopic and open nasal and sinus surgery including tumour surgery.

Dr Manuel Tomás Barberán

Hospital Universitario Son Espases
Carretera de Valldemossa 79
Palma de Mallorca 07120
Spain
Tel +34629036218
email: manueltommas@orlmallorca.com

AFFILIATION:

1. Hospital Universitario Son Espases. University Hospital. 20 ENT doctors, 4 Residents, 25 visiting doctors per year. 1500 surgical procedures per year
2. Clínica Juaneda. Private environment. 12 ENT Doctors. 1200 surgical procedures per year (aprox)
3. Hospital Palma Planas. Private environment. 12 ENT Doctors. 1200 surgical procedures per year (aprox)

OPERATIVE EXPOSURE:

Facial Plastic and Reconstructive Surgery:

- Functional rhinoplasty 4-5 cases per week
- Aesthetic rhinoplasty 3 cases per week
- Blepharoplasty 2-3 cases per week
- Frontoplasty: 1-2 cases per week
- Otoplasty 2-3 cases per month.
- Oculoplastic procedures other than aesthetic blepharoplasty 2-3 cases per month
- Facelift /Cervicoplasty:1 per week
- Other cosmetic procedures (subnasal lift, buccal fat pad removal, chin implants) 3-5 cases per month
- Microtia surgery: 6 new cases per year
- Skin cancer treatment 10-12 cases per month.
- Facial reanimation 6-7new cases per year.

- Facial Lipoinfiltration, insolated or in Rhinoplasty or Facelifts procedures: 1 per week
 - Facial aggressive peelings: 2 per month
 - Ultherapy/Radiofrequency 4 cases per month
- Ablative oncological head and neck surgery: 3-4 cases per week.

Dedicated clinics

Facial Paralysis Clinic: 2 per month

Rhinoplasty Clinic: 3 per week

Daily use of Morphing programs, Botox and Fillers is guaranteed.

ADDITIONAL INFORMATION:

Every year an international Facial Plastic Surgery course is developed, with cadaveric dissection, live surgery and practical workshops (next will be the tenth).

The participant will assist to Dr. Til, Dr. Morera, Dr. Servera (Dermatologist), Dra. Tarrus and Dr. Pons (Oftalmologists) and Dr G Suarez and Dr. Tomás in cases in both their public and private activity.

Dr M Tomás is the actual President of the Facial Plastic Surgery Section of the Spanish ENT Society (SEORL).

We can provide free accommodation to dedicated Fellows.

Christoph Bergmann, MD PhD

email: bergmann@hno-praxis-ruhr.de

website: www.hno-praxis-ruhr.de

AFFILIATION:

1. HNO Praxis Ruhr, Bocholder Straße 2, 45355 Essen, Germany
2. HNO Fachklinik Ruhr, Bocholder Straße 2, 45355 Essen, Germany
3. Alfried-Krupp-Krankenhaus Steele, Hellweg 100, 45359 Essen, Germany

MAIN OPERATIVE EXPOSURE:

- Facial plastic reconstructive surgery
- Aesthetic rhinoplasty and nasal reconstruction
- Otoplasty
- Skin cancer and skin cancer reconstruction

ADDITIONAL INFORMATION:

The applicant incorporates three integrated but distinct settings: an ENT private practice with high patient numbers, a general hospital with a large range of otorhinolaryngologic procedures (although mainly nose and sinus surgery) and private practice facial plastic surgery center with aesthetic rhinoplasty. Other aesthetic procedures like neurotoxins/fillers are performed, but not in high numbers.

Armando Bocchieri, MD

Nostra Signora della Mercede Hospital

Via Tagliamento, 25

00198 Rome

Italy

+39 06 841 5641

email: armando.bocchieri@libero.it

website: www.armandobocchieri.it

AFFILIATION:

1. Nostra Signora della Mercede Hospital –Rome - Italy
2. Day Clinic Eur – Rome - Italy

MAIN OPERATIVE EXPOSURE:

- Aesthetic rhinoplasty and nasal reconstruction
- Functional septorhinoplasty
- Revision rhinoplasty
- Otoplasty
- Blepharoplasty

ADDITIONAL INFORMATION:

The applicant basically performs both aesthetic and functional nasal surgery in private practice. A special turnout is that for the correction of nasal trauma outcomes and the treatment of crooked nose. Other procedures like revision rhinoplasty are often carried out in high numbers.

Can Alper Çağıcı, MD

Assoc. Prof. of Otolaryngology

Department of Otolaryngology, Head and Neck Surgery

Baskent University Medical School Adana Teaching and Medical Research Center

Baraj Yolu 1. Durak

01175 Cukurova / Adana

Turkey

Tel.: +90 542 6878525

email: ccagici@hotmail.com

website:

www.canalpercagici.com

www.yuzburunestetigi.com

AFFILIATION:

Baskent University Medical School, Adana, Turkey

OPERATIVE EXPOSURE:

- Facial plastic reconstructive surgery
 - Septorhinoplasty
 - Blepharoplasty
 - Brow lift (Endoscopic)
 - Skin cancers and skin cancer reconstructions
- Nonsurgical facial plastic modalities
 - Filler, Botox, PRP, Laser

ADDITIONAL INFORMATION:

Facial plastic surgical procedures in a University Hospital: Mainly septorhinoplasty (3-5 cases in a week), less frequently other surgical (blepharoplasty, brow lift and facelift) and nonsurgical (filler, botox, PRP, CO₂ laser) facial plastic modalities.

Ozcan Cakmak, MD, Prof

Facial Plastic Surgeon (European Board)

FACEISTANBUL

Bagdat Caddesi No: 201/10

Ciftehavuzlar, Kadikoy

Istanbul

Turkey

email: ozcan.cakmak@gmail.com

website: www.ozcancakmak.com

AFFILIATION:

Private Practice in FACEISTANBUL, Facial Plastic Surgery Clinic

OPERATIVE EXPOSURE:

- Aging face surgery
 - Facelift
 - Browlift
 - Midfacelift
 - Blepharoplasty
 - Fat injection
- Rhinoplasty
- Mentoplasty
- Otoplasty

ADDITIONAL INFORMATION:

The applicant exposes mainly aging face surgery and related cosmetic procedures (botox, filler, chemical peeling, dermabrasion, non-invasive rejuvenation modalities, etc.) and rhinoplasty in a private setting.

Cemal Cingi MD

Eskisehir Osmangazi University

ENT Dept.

Eskisehir

Turkey

email: ccingi@gmail.com

website: www.cemalcingi.com

AFFILIATION:

Eskisehir Osmangazi University, ENT Dept. Eskisehir - Turkey

OPERATIVE EXPOSURE:

- Endonasal rhinoplasty
- Otoplasty
- Neurotoxin/filler injections

ADDITIONAL INFORMATION:

We have an animal lab, that the candidate may do experimental studies. Then we may finalize the observership or fellowship periods with one (maybe more) publication.

Nicolas Dulguerov MD

Dept. of Otorhinolaryngology and Head and Neck Surgery

Clinical Neurosciences

4, rue Gabrielle-Perret-Gentil

1211 Geneva 14

Switzerland

Tel. +41 22 3728231

www.hug-ge.ch

AFFILIATION:

Geneva University Hospital

MAIN OPERATIVE EXPOSURE:

- Functional and aesthetic septorhinoplasty
- Ablative Head and Neck procedures
- Reconstruction of head and neck defects (free flap reconstruction, variety of pedicled flaps)
- Skin cancer and reconstruction
- Facial reanimation

ADDITIONAL INFORMATION:

Perfect English required.

One candidate at a time only.

Self-funded, but application for support funding EAFPS is stimulated.

Hands-on if Swiss diploma or equivalent European medical diploma.

Shay Izhak Duvdevani M.D.

AFFILIATION:

1. Department of Otolaryngology Head and Neck Surgery, The Chaim Sheba Medical Center, Tel-Hashomer, Israel
2. Sackler School of Medicine – Tel Aviv University, Israel

OPERATIVE EXPOSURE:

Facial Plastic and Reconstructive Surgery:

- Aesthetic rhinoplasty and revision rhinoplasty
- Nasal reconstruction
- Otoplasty
- Non-surgical neonate/newborn otoplasty
- Auricular reconstruction including atresiaplasty
- Complex facial ablation and reconstruction
- Cleft lip and palate repair
- Other congenital facial defects reconstruction
- Liposuction and lipo-injection
- Botulinum toxin injection and fillers

ADDITIONAL INFORMATION:

The applicant incorporates two settings: a large tertiary hospital with the full range of facial plastic and reconstructive surgical procedures (mainly reconstructive) and private practice of facial plastic surgery (mainly aesthetic). Other aesthetic procedures like facelift and blepharoplasty are performed, but not in high numbers.

Holger G. Gassner, M.D.

email: secretary@drgassner.com

website: www.drgassner.com

AFFILIATION:

Clinical Professor

University of Regensburg, Germany

OPERATIVE EXPOSURE:

- Primary and revision rhinoplasty
- facial rejuvenation
- orbital rejuvenation
- facial and nasal reconstruction
- facial reanimation
- botox & fillers

ADDITIONAL INFORMATION:

The fellowship is primarily based in Regensburg. Surgery is also performed in Nuremberg, travel time is 1 hour. Further information about the practice and fellowship, see www.drgassner.com.

2. Hospital Santo Antonio – CHP, Porto; Hospital da Arrabida – Luz Saude, V N Gaia
3. Clinica do Nariz e Face, Porto, Portugal

MAIN OPERATIVE EXPOSURE:

- Rhinoplasty and nasal reconstruction
- Otoplasty
- Facelift, lip lift, cervical lift
- Facial plastic reconstructive surgery
- Non-surgical facial rejuvenation – Fillers and Botox

ADDITIONAL INFORMATION:

The applicant incorporates three integrated but distinct settings:

- 1) University/general public hospital based rhinoplasty and facial surgery for the more difficult cases. Teaching in Porto University
- 2) Practice Facial Plastic Surgery in a Private Hospital – Hospital da Arrabida.
- 3) Private office - non-surgical facial rejuvenation, and follow-up of Facial Plastic Surgery patients

A. Emre İlhan, MD

European Board Certified Facial Plastic Surgeon

IBCFPRS

Emre İlhan Clinic

Bagdat Caddesi No:354/8

Erenkoy Kadikoy – İstanbul

Turkey

email: opdremreilhan@gmail.com

website: www.emreilhan.com

AFFILIATION:

1. Private Practice, Emre İlhan Clinic, Istanbul, Turkey
2. Yeditepe University Faculty of Medicine, Visiting Staff, İstanbul, Turkey

OPERATIVE EXPOSURE:

- Primary Rhinoplasty (with Piezo and Powered Tools)
- Revision Rhinoplasty (with endoscopic assisted Rib Cartilage Harvesting)
- Fat Injections
- Chin Implantation
- Otoplasty

ADDITIONAL INFORMATION:

The applicant incorporates all the pre and post operative consultations and operations. The clinic is a high leveled clinic with 3 staff nurse and 4 assistants. The surgeon performs about 400 cases from all over the world with the latest techniques and philosophy.

Philips van Leydenlaan 15
6525 TE Nijmegen
2. Mauritsklinieken / EnFace Clinique

OPERATIVE EXPOSURE:

Radboud University Medical Center:

- Facial reconstructive surgery including dermato-oncology
- Rhinoplasty
- Facial nerve rehabilitation
- Cleft lip and palate surgery

Mauritsklinieken / EnFace Clinique:

- esthetical practice and surgery:
 - Blepharoplasty
 - Brow lift
 - Cosmetic rhinoplasty
 - Injectables

ADDITIONAL INFORMATION:

We are a team of 4 board certified (IFFPRSS) Facial Plastic Surgeons working in a University Hospital and part time in a private practice (esthetical surgery). We train Dutch ENT-surgeons and a Dutch Fellow Facial Plastic Surgery. Observing is never a problem; gaining surgical experience is dependent of the observed skills of the applicant and of his/her willingness and talent to master Dutch language (a lot of patients speak English in the Netherlands).

Anil Joshi, FRCS (ORL-HNS), IBCFPRS and Alwyn D'Souza, FRCS, EBCFPRS

University Hospital Lewisham

London SE13 6LH

United Kingdom

email: aniljoshient@yahoo.com; londonfacialsurgery@gmail.com

website: <http://www.londonfacialsurgeons.com/>

AFFILIATION:

1. FRCS(ORL-HNS)
2. IBCFPRS, EBCFPRS

OPERATIVE EXPOSURE:

We offer a comprehensive fellowship programme for fellows of Europe and worldwide. This will be for a period of one year. This will be fully in line with the rules and formalities of the European Academy of Facial Plastic Surgery (EAFPS). This will be a hands on (scrub-in) fellowship with plenty of surgical opportunities for the fellows to hone their skills in all aspects of facial plastic surgery.

The fellow will be exposed to facial reconstruction for skin cancers, Rhinoplasty, Pinnaplasty, surgical (facelift and blepharoplasty) and non-surgical (botulinum neurotoxin and filler injections; laser; thread lifts etc.) facial rejuvenation. The fellows will be allowed to work both in public sector (NHS) as well as private. Fellows are encouraged to apply for funding through EAFPS fellowship programme. Unfunded positions are available and the prospective fellows are advised to arrange their funding. However, if the candidates are from the UK or the European Union and have eligibility to work in the UK, there are opportunities to take up locum jobs for out-of-hours on call covers in our university hospital and some of the local London hospitals. Candidates outside this position may have to pass the PLAB exams to follow such pattern. Candidates once successful through the interviews will have to undergo an Occupational Health check from our University Hospital before they start their fellowship.

We follow a timetable wherein the fellow will gain experience from two highly qualified and board certified facial plastic surgeons who are also a part of the committee of EAFPS.

In addition to clinical work, the fellows are expected to work heavily on research and be involved in publishing peer-reviewed articles. Fellows should attend the EAFPS annual meetings and other relevant meetings and are preferred to present papers in these meetings. Fellows in conjunction with EAFPS education board will have to undertake the Board certification examination at the end of a year of fellowship.

In addition to full fellowship, we also offer observerships and working visits.

ADDITIONAL INFORMATION:

We follow a timetable for the fellows that will help them gain a well rounded training in the field of facial plastic surgery.

Anil Joshi – AJ.

Alwyn D'Souza - ADS

Monday – AM and PM = Surgery at a Private Hospital with ADS

Tuesday (full day at University Hospital Lewisham, London) – AM – FPS clinic with AJ and ADS.

Mid day – dermatology clinic. PM – Surgery (along with Dermatology MDT).

Wednesday – AM and PM = Surgery with ADS

Thursday – Research (additional surgical sessions)

Friday – AM = Surgery with ADS (in Private). PM = Surgery with AJ (in University Hospital)

Saturday – AM = Additional clinic session (+/- laser sessions) at Private.

- Hair transplantation

ADDITIONAL INFORMATION:

Dr. med. V. Pavlidelis operates the last 25 years in his own Facial Plastic Surgery Center and also in two General Clinics in Athens. He performs approximately 350 facial plastic surgery procedures per year (200 rhinoplasties, 50 otoplasties and 100 other facial plastic surgery procedures). He also performs facelift, blepharoplasty and neurotoxins/fillers, but not in high numbers. He is President of the Hellenic Society of Facial Plastic Surgery and delegate for Greece in the EAFPS.

PERSONAL INFORMATION:

I am German trained ENT Surgeon and I have got also the sub speciality "Facial Plastic Surgery" in Germany. I belong to Prof. Claus Walter Plastic Surgery School. I am also trained by distinguished and world famous Facial Plastic Surgeons in USA, England and France. I worked for 10 years in Duisburg, West Germany, in my own private Day Surgery Clinic for ENT and Facial Plastic Surgery.
